What is Kingsdown Homegrown ?

This is Kingsdown's community event – part Village Fete, part Street Fair and now in its sixth year. We are a group of neighbours who get together to organise an afternoon of fun for all Kingsdowners to join in with. It gives us a wonderful chance to meet each other in a relaxed atmosphere, enjoy homemade food and drink and show off local produce, crafts or other talents – while raising money for charity at the same time. Last year we raised £1000 for Ace Africa and we hope with your support to do the same for more charities this year. Do come and join in by giving your help or bringing your family on the day.

This Year's Charities

Keeping Kidz at School Project

Ingrid Sinclair of Cotham Side will be working in the South African section of the Kalahari desert where Khomani San people have been moved from their traditional herding/hunting grounds. San people have been marginalised and exterminated for centuries. Bereft of home and livelihood, many suffer from alcoholism and AIDS. 'Keeping Kidz at School' helps orphans through school and we have agreed that part of the funds raised by Homegrown will go towards a new school and in particular towards starting a gardening project.

Alalay

We are also continuing to support Alalay, Annie Syrett's endeavours in Bolivia and her achievements in helping the street children of Santa Cruz. Visit their web site www.alalay.co.uk to find out what successes Annie and the children of Alalay have been having.

Please could everyone colour-in the cover and display it in your house window, then bring it to the Homegrown to claim a reward.

Thank you to Adrain Barclay and Gill Marles (www.thisisjust.co.uk) for the designing and illustrating.
